Regulated qualifications are ideal for institutions looking for highly structured programs that meet predefined learning outcomes and regulatory requirements. Ascentis is regulated by Ofqual, CCEA Regulation, Qualifications Wales and the Quality Assurance Agency.

Customised Qualifications

Customised qualifications offer the flexibility to tailor programs to the specific needs of learners or institutions. These qualifications are designed to meet particular industry demands or local educational goals, allowing for a more personalised learning experience. While they are not regulated by national frameworks, they are crafted with the same rigorous quality standards by our expert teams. Customised qualifications are perfect for organisations seeking to address niche skill gaps, unique learner profiles, or specialised industry requirements, without the constraints of national guidelines. We are experienced in working with organisations around the world to deliver a range of customised qualifications.
