Qualification Overview

The main purpose of these qualifications is to help learners explore their identities and work towards understanding their own sense of belonging, in order to achieve a skill set that will enable them to operate independently and effectively in every part of work, education and life in modern Britain.

In this 'Brexit era', daily life in Britain is evolving, and we are faced with a changing landscape where we find ourselves redefining what all aspects of the present and future look like. These qualifications offer a flexible and broad range of subjects which can be tailored so that learners can take a look at who they are and the qualities they have, in order to make the most out of life in every part of modern Britain.

There are several features of these qualifications that make them very appropriate for their target learners:

- Unit certification is available for each of the units
- Verification and certification can be offered throughout the year, allowing maximum flexibility for the centres
- Evidence can be generated within a wide range of organisational contexts allowing the qualifications to meet the specific occupational requirements of the learners

Aims

The aims of these qualifications are to enable learners to:

- Develop their sense of self and their personal awareness in order to overcome diverse barriers around identity
- Grow their understanding of their own multiple identities by exploring personal identity and cultural diversity
- Explore personal relationships and relationships with their communities
- Build confidence through the learning process

Target Group

These qualifications are designed for a range of learners who are interested in or would benefit from developing their own sense of identity and belonging in order to confidently develop skills in wider subject areas and progress in and take advantage of all aspects of work, education and life in modern Britain.

Assessment Method

The units are internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria. The evidence will be internally assessed and verified by the centre and then externally verified by Ascentis.

Many Ascentis units include suggested content to support wider learning opportunities across three priority areas:

- Digital
- Well-being
- Sustainability

They are not compulsory and do not form part of the assessment. They are suggestions for tutors who may wish to link the unit content into these areas to further support learner progression in education, training and work.
