Qualification Overview

The Ascentis Level 1 Award in Health and Safety in a Construction Environment provides an important foundation to health and safety for individuals working, or intending to work, within the construction industry. Learners will gain the knowledge and skills required to work safely and efficiently in their place of work.

The qualification covers risk assessment, working at height, manual handling, improving health and safety at work and the safe operation of equipment.

Aims

The aim of the qualification is to enable learners:

- To cover the mandatory training requirements for the CSCS Labourer Green Card

Target Group

This qualification is designed for those who wish to work on a building site. It covers the mandatory training requirements for the CSCS Labourer Green Card.

Regulation Codes

Ofqual Qualification Number: 603/2661/X

Assessment Method

The unit is internally assessed through the learner building up a portfolio of evidence that covers the relevant assessment criteria. It is internally assessed and verified by the centre and then externally verified by Ascentis.
