Qualification Overview

The Ascentis Level 2 Award in Developing Therapeutic Skills is aimed at individuals who have little or no prior knowledge or experience of applying therapeutic skills, providing them with an understanding of personality, basic needs, the main therapeutic approaches and safe working practices.

The main purpose of the Ascentis Level 3 Certificate in Applied Therapeutic Skills is to support professional competence in supporting vulnerable children, young people and adults to bring about social, emotional and behavioural changes, so that they can maximise their individual potential.

Aims

The aims of the qualifications are to enable learners to increase their knowledge, deepen their understanding and further develop their skills in working with young people in relation to their emotional health and well-being.

Target Group

The Ascentis Level 2 Award in Developing Therapeutic Skills is aimed at individuals aged 19+ who have little or no prior knowledge or experience of applying therapeutic skills.

This qualification is designed to provide health, social care, education and youth work professionals with an introduction to therapeutic skills. Learners will understand the purpose of therapy and explore basic principles of therapeutic skills in order to further develop their skills in working with their clients in relation to their emotional health and well-being.

The Ascentis Level 3 Certificate in Applied Therapeutic Skills is suitable for individuals who work with vulnerable people and want to better understand psychotherapy and counselling relevant to the job role, but do not wish to train as therapeutic clinicians – for example, care workers, social workers, appropriate adults, foster carers and other professionals likely to come into contact with vulnerable people.
